Scorpio, the House of Mars and Pluto (the Visitor)

We have arrived at the omnipotent empire of Strength & Power. We now only want to speak in the language of majesty & might, in order to understand the omnipotence of strength/force. This is the terrible kingdom of Pluto, the Omnipotent Empire of Strength/Force and of the Magician. It is also the Igneous Dwelling of bellicose Mars. Scorpio rules the sexual organs wherein reside all the Power of the Magician. Scorpio is the house of Mars and Pluto, the visitor. We say 'visitor' because this terrible Genie of practical magic does not belong to this solar system. He is merely a visitor who is helping all the warriors of the rocky path. Within his majestic temple, we see two enormous symbolical "balls". His veiled face is terribly divine and exhales the Omnipotence of Power. Pluto attends the Initiate's call when the Black Forces attack us. Pluto can defend us from the Tenebrous Lords of Black Magic. See him in action! He has cast his ball and attends the call of a suppliant!

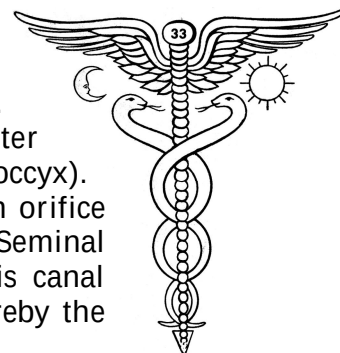

The Great Arcanum, the Kundalini and the Spinal Column

Sons of the Earth! Listen to thy instructors, the Sons of the Fire! Beloved disciple, we deliver the supreme key of the Great Arcanum, the omnipotent secret of the Kundalini, which is awakened with Sexual Magic. During those moments of love in which the couple feels ineffable delights, you should connect yourself with your spouse sexually and pronounce (during this connection) the powerful Mantrams of the Kundalini, as the Master received them from the Angel of Command, named Aroch: KAN DIL - BAN DIL - Rrrrrrrrrrrrr

They will be vocalized in the form of a song, prolonging the sound of the vowels and raising the voice in the first syllable of each word and lowering it in the second syllable. The letter "R" is pronounced in a high and sharp manner (like the voice of a child), prolonging the sound as if it was the sound of a motor or a mill when it is left without grain to grind (which produces a sharp and thin sound). These are the most powerful Mantrams known to awaken the Kundalini; you can even vocalize them mentally. Withdraw from your Spouse without orgasm, this is the key to awaken the Kundalini and to making yourself into a Magician. The restrained desire will make the Energy rise upwards, towards your head; this is how you will awaken your Kundalini and become Gods.

The Kundalini is the Solar Fire enclosed within a membranous pocket in the coccygeal bone (within the sacral region) which is at the base of the Spinal Column. The Spinal Medulla with its two nervous cords is the Brahmatic Cord. When the Solar & Lunar Atoms of our Seminal Energy make contact in the Center of the Coccyx, then the Snake begins to move (producing a great pain in the coccyx). It breaks the membranous pocket and enters the spinal medulla through an orifice which remains closed in common people. The vapors that rise from the Seminal Energy open that orifice, which is the door of the Sushumna Canal. This canal advances along the Spinal Medulla to the end of the cervical vertebrae whereby the Igneous Serpent or Liquid Fire of the Kundalini rises.

The Spinal Medulla is the staff of Brahma, Aaron's Rod, the Staff of the Patriarchs, the Scepter of the Divine Kings, and the Bamboo Cane of Seven Knots of the Yogis in India. The secret to awaken the Kundalini is in the miracle that Christ did at the Wedding of Canaan. "The transmutation of water into wine" is accomplished during the trance of Sexual Magic: with refrained effort Water (Seminal Energy) is transmuted into the Alchemical Wine of Light.

Refrained desire will transmute the Seminal Energy into Christic Energy and this energy will (at the same time) be bi-polarized into Positive & Negative in order to rise in the two nervous canals located at the right & left of the spinal medulla. In India, these two spermatic canals are called: Ida & Pingala. One canal is Positive and therein ascend the Solar Atoms. The other is Lunar and therein rise the Lunar Atoms. Ida & Pingala are part of a Sacral Center called "Triveni", located above the Medulla Oblongata. When the Seminal Energy is transmuted into Christic Energy, then that Wine of Light converts us into Living Buddhas.

This Sacred Fire rises along a fine string that serves as a conductor within the canal of the spinal medulla. The ascension of the Kundalini is regulated by the Fires of the Heart. In Occultism, the spinal vertebrae are called: "Canyons" or "Pyramids", each of which has its occult name and powers. The Spinal Column has 33 Canyons and 33 Divine Atoms. Thus, the ascent of the Kundalini is carried out "Canyon by Canyon", or "Degree by Degree". Each Canyon costs terrible tests in the Physical plane and in the Astral plane. This is the path of unutterable bitterness and martyrdom. The Kundalini sets fire to all the Lotus Flowers or Chakras of our organism as it rises "Canyon by Canyon". Passing through the 33 Canyons means we pass through the Chambers of the Great Masonic Lodge of the Astral Plane. The disciple should learn the Masonic salutes from his own Intimus or Inner Being: the "Internal Master" should teach them to the disciple.

The thickness of the Kundalini will depend on the amount of stored Sexual Energy. Its color depends on the psychological idiosyncrasy of the disciple. The Kundalini rises in accordance with the practice of Sexual Magic and in accordance with our process of Sanctification, since the ascension depends on the Merits of the Heart. A single Sexual Discharge is enough for a fuse to be burnt (that is to say, for the nervous cord through which the Kundalini ascends, to fail); then the fire falls one or two canyons according to the magnitude of the fault, and, consequently, one loses the acquired powers. Our Lord the Christ told the Master: "The disciple should not let themselves fall, because they have to struggle very much in order to recover what has been lost".

Spiritual Awakening and the Buddhic-Martian Forces

Since the 17th century, the Earth entered a new era of spiritual awakening. That awakening will shine (in all its splendor) in the sign of Aquarius, our present era. The cause of that awakening is due to the influence of the Great Enlightened "Buddha" who in the 17th century became the redeemer of the Martian humanity. Buddha was crucified in the Forces of Mars in order to redeem the Martians and to help our Terrestrial humanity with Buddhic-Martian Forces. The Buddhic Consciousness is now warlike, and a new type of warrior has been born: those of Light, the paladins of the New Era. The sacrifice of Buddha on Mars was like that of the Christ among us. Buddha prepared himself on earth to later become the Christ of the Martians. The Buddhic-Martian Atoms will produce the Age of Intuition. (Aquarius). Our Buddhic Principle is the Superlative Consciousness of the Being; this is the "Soul-Spirit".

The redeemer of Mars now radiates Buddhic Strength/Force from that planet. Mars, in Scorpio, makes the Atoms of Buddha reach our seminal system in order to achieve the Christification of the human being. These Atoms, under the force of Mars, will convert us into living Christs. Buddha, the Christ of the Martians, now throbs in our seminal system and Buddhic Atoms inundate our seminal canals. Our body and our Buddhic Atoms confer upon us the gift of "feeling" the Supreme knowledge. The Buddhic Atoms fill our Internal Vehicles and saturate the very internal structures with the Strength/Force of Mars. Buddha has now become a warrior. What a marvel of Creation this is! Now the Warrior Force of Mars has become Buddhic, and the heroes of Light will surge forth everywhere.

Practices: Invoke Mars & Pluto for strength & protection. Ask for the Buddhic-Martian Forces & Atoms to inundate you. You can also vocalize M & S in order to transmute the Waters into Wine.
