## Aquarius, Christification and the Major Mysteries

Christification is achieved in parts, body by body. The first thing which becomes Christified is the Soul-Consciousness, which we extract from the Physical Body {#1} through the Kundalini of that body, in order to enrich the Soul-Spirit or Buddhic Body. A Christified and Stigmatized Buddhic Body inevitably fuses with the Intimus (the Inner Being). Then follows the Christification and Stigmatization of the Etheric Body {#2}. This is achieved through the process of progress, evolution and ascension of the Kundalini of the Etheric Body. Each body has its "Cerebro-Spinal" Nervous System, its Medulla and its Kundalini. Each body is a complete organism. They are then: Seven Bodies, Seven Medullae and Seven Kundalinis.

| Creation of the Superior Existential or Solar Bodies, sometimes called "Hermetic Masonry" | Christification of the Bodies {The Major Mysteries} |
|---|---|
| Physical Body | {#1} 4) Kundalini of the Physical Body |
| Etheric or Vital Body (the Vital Energy, Qi, Prana, etc.) | {#2} 5) Kundalini of the Etheric Body |
| 1) Creation of the Solar Astral Body (Superior Emotions) | {#3} 6) Kundalini of the Solar Astral Body |
| 2) Creation of the Solar Mental Body (Superior Intellect) | {#4} 7) Kundalini of the Solar Mental Body |
| 3) Creation of the Solar Causal Body (the Human Soul) | {#5} 8) Kundalini of the Solar Causal Body |
| Buddhic Body (the Divine Soul) | {#6} 9) Kundalini of the Buddhic Body |
| Atmic Body (The Spirit or Intimus) | {#7} 10) Kundalini of the Atmic Body |

After difficult efforts and terrible & painful ordeals, we have achieved the total ascension of the golden Kundalini of the Etheric Body. Then the Sun of the Father then shines in the Rain of the Night, and the Star of Five Points shines upon the head of the Sage indicating that one has been given in a passing mark in all the painful tests. The date of the Second Initiation of Major Mysteries of the Sage is then set, and we enter happy & victorious inside the Temple in order to receive the Second Initiation of Major Mysteries. This Initiation confers upon us the power to travel in the Etheric Body throughout all the Cosmic Planes. The Kundalini of the Etheric Body opens all the faculties of the Etheric Body. The psychic extract of the Etheric Body is absorbed by the Intimus or the Inner Being, little by little.

Then follows the Christification and Stigmatization of the Astral Body {#3}. The Kundalini of the Astral Body is the color of "lightening" and awakens under the guidance of a specialist. The Kundalini of the Astral Body opens the Chakras of the Astral Body for us. Therefore, the full and total development of Chakras of the Astral Body is only obtained with the Third Kundalini (which is the Kundalini of the Astral Body). The ascension of the Kundalini of the Astral Body through the fine cord of the Sushumna canal (belonging to the Astral Medulla) is a very arduous and difficult task, because in order to conquer each "Canyon" of the Astral, one has to withstand and overcome the most terrible and indescribable temptations. When we have already obtained the total ascension of the Kundalini of the Astral Body, then follows the Third Initiation of Major Mysteries and all the Magnetic Wheels or Discs of the Sage's Astral Body remain totally open and resplendent.

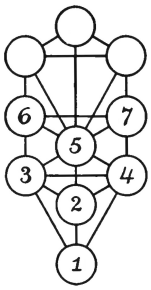

Later comes the Christification of the Mind {#4}, which converts us into an Arahat and is achieved through the Mental Body's Kundalini (the Fourth Kundalini). The Fifth Serpent belongs to the Causal Body {#5} or Superior Manas, from where we extract the Human-Soul in order to fuse it with the Internal Master, and so we synthesize the Septenary in the triad of "Atman-Buddhi-Manas".

The Two Superior Serpents belong to the Buddhic Body {#6} and to the "Atmic" Body {#7}, and they confer upon us the supreme Happiness and Wisdom of Nirvana. The Eighth and Ninth initiations of Major Mysteries are practically Macrocosmic. The important part, therefore, resides in the "Christification" of the Seven Bodies, and the entire secret lies in the Virile member and in the Vulva.

## The Fire's Seven Degrees of Power

The Fire of the Holy-Spirit rises from the Seminal Energy, which converts us into Gods, but the fire of the Holy Spirit has seven degrees of power, which are the Fire's Seven Degrees of the Power. All the symbolical narrations of spiritualist books, when they talk to us about "Initiation", are totally allegorical, because never ever has anyone, before Samael Aun Weor, removed the veil of the Fire's Seven Degrees of the Power. Until not too long ago, the majority of spiritualists believed that upon awakening the Kundalini, the latter instantly rose to the head and then that person was automatically united with their Intimus (or Inner Being) or Internal God, instantly, and converted into a Mahatma. How comfortable! How comfortably did all these Theosophists, Rosicrucians and Spiritualists, etc. imagine high initiation...

It has been Samael Aun Weor's responsibility to remove the Veil of Christification, and that is why he speaks clearly. The ascension of each of the Seven Kundalinis is slow and difficult. Each Canyon or Vertebra represents determined Occult Powers and that is why the conquest of each Canyon costs terrible ordeals. There are Seven Serpents and Seven terrible Portals and only the terror of Love and Law reigns throughout those Seven Portals. Not only is it necessary to kill Desire, but also the very knowledge of Desire. The entire secret of Power resides in Sex.

The Sexual Force is only "one", "unique" and of an absolutely Universal character, whose principal deposit resides in the Absolute. At the beginning of the Manhanvantara, this Force expresses itself through the Fire's Seven Degrees of Power, and those Seven Degrees reside in our Seven Bodies; and they are our Seven Kundalinis, which we have to successively raise one after the other, through the Seven Portals. That is why the Buddha said: "Listen to me properly, for in each human Buddha there are Seven Buddhas!" These are the Seven Psychic Extracts from the Seven Bodies and the Seven Snakes.

The sexual organs of all the living species, are merely the instruments of that Unique and Universal Sexual Force. The key to all Empires and all the Powers is in Sexual Magic. We must raise our Metallic Snake or, better said, our Seven Snakes upon the Staff, just as Moses did in the wilderness and, thus, we will convert ourselves into terrible powers of the "Blissful Nirvana".

## Samael Aun Weor's Practices to Work with the Energy of Aquarius

The sign of Aquarius governs the calves. The terrestrial and celestial forces meet there, combining mutually. The following practice will be done during this sign. While massaging one's calves from below upwards, the disciple will pray like this:

> **"Energy, pass through! Energy, pass through! Penetrate my organism. Current that comes from below, ascend and unite with your sister, the current which comes from above, from heaven, from Uranus."**

The disciple will then submit themselves to Internal Meditation, praying to their Intimus (their Inner Being) that they may enter the Sidereal Temples of Aquarius, in order to bring the Genii of that Constellation so that we may achieve Illumination. Aquarius is the house of Uranus, and this planet brings Chastity, the Originality of the "Genie", Wisdom. Thus, one can also pray to one's Intimus to enter the Heart Temple of Uranus and ask for help with its corresponding attributes.
