The "Man" Rune and the Crucifixion of Samael Aun Weor

In another class[1] given on the *GnosticTeachings.org* website, the following information is given by one of Samael's Students:

In many of his books, Samael Aun Weor clearly stated that, in 1954, he incarnated *Eros*, his Inner Christ, the beautiful Cupid, which in Christianity we call the Baby Jesus. He incarnated Him in his Manger, in his Superior Manas [Tiphereth], in his Human Soul, and started working with Him. Let us remember that Christ (*Eros*) is not a person; it is an energy; it is a force, like electricity is an energy. But in order to incarnate this force you need to be prepared. You need to build a Church on the Rock. Peter has to work first, in order for John (*Juan* or "I-E-O-U-M-A-S") to come into your Self and work.

Personally, I like to investigate esoteric things internally, through Meditation. When I read something that the Master wrote, then I close my eyes, and I ask, "What is the Master saying here?" I have had the habit of doing this for many years. Thus, through this method of Meditation, I have investigated the process of the Master Samael Aun Weor, because he is the Avatar, and the Lord Vishnu incarnated in him, as a baby, in order to give the doctrine that we are teaching here.

Therefore, I was always observing (in detail) all the steps that he was taking physically, in relation with his internal development. Why? Because he stated, "Everything that happens in the internal planes has to correlate with the physical plane, otherwise it is not true." If what we say, what we investigate, and what we experience does not correlate with the physical plane, then it is not true. If what we experience in the physical plane does not correlate with the internal planes, then it is not true. The two worlds—the internal worlds and the physical world—have to correlate. I was observing his life (ᚠ *Laf*), especially the last years of his life in Mexico, in order to see where the Lord is. In which step or level is that Baby (who was born in 1954, and who grew up), who is now an adult inside of him? In which level is he developed right now? I remember that year after year I was studying him and what he was saying, and meditating upon it.

At the time when I was teaching Gnosis in the north of Mexico, the Master invited us to Mexico for a special lecture that he was going to give in honor of the president of Mexico. He was going to discuss a book that the president wrote (entitled *Quetzalcoatl*). Of course I knew that Quetzalcoatl is the Christ among the Mexicans. Thus, I wondered if the president of Mexico would be there, since he was going to be honored. And I said to myself, "Okay, let us meditate and investigate. What has the president of Mexico got to do with the Master Samael Aun Weor?"

The president was a Mason, and he knew about the doctrine of the Gnostics. So, then I went there in order to hear the lecture of the Master. I saw him, and heard everything that he said in his lecture in relation with this book written by the president of Mexico. Thereafter, I said, "Okay, if I find similitude here, it means that the president is the mind, is the head. Obviously, the intellect governs this world. Then who is the president of Mexico in Christianity, in relation with the Christic Drama?" And I said to myself, "Of course, he is Pilate. Pontius Pilate." Understand me, I am not stating that the President was literally Pontius Pilate, but for me he was symbolizing, or representing, the Mind. Thus, I was there, and I saw the Master showing his own mastery.

The Christic Process and the Prayer to the Solar Logos

Ecce Homo, "behold the Man", the ᛉ *Man* Rune there giving a tremendous, beautiful lecture, with a lot of wisdom. Many ambassadors from different countries were there listening, and they were surprised to hear of all of this knowledge from the mouth of the Master Samael Aun Weor, for the first time.

Then I said, "Well, this moment is very critical, because if the president of Mexico represents Pontius Pilate, that means that the Master is going to be crucified." And then I returned to the North of Mexico, very preoccupied with this.

Months later, I received a phone call. The Master was sick. Yes, he was in his Christic process, because he died in 1977, and that event that happened in Mexico was in the same year, in the month of September. But he was looking very weak, so it was not a surprise to me when somebody called me from Mexico and said, "The Master is pretty sick, please pray for him." Then I started doing chains for him because I knew that he was in the process of being crucified and dying; eventually he had to die...

On the 24th of December of 1977, one of his daughters called me (very preoccupied) and asked, "Please, do chains for him; he is very critical, very sick." And I said, "Oh, what is happening?" "Well, he was in the hospital, now he is not; he is in our home. But really, he needs a lot of help."

And then I remember performing a prayer to the Solar Logos. That day, the 24th of December, we performed a special work for him. At the end, we were doing a chain, and in the chain I was performing this prayer (which some of you might know) and which is written in the book Occult Medicine. Thus, after the special work that we did in order to attract the Solar Force, the Christ (as I knew that he, the Solar Logos was passing through a process in the body of the Master). So, together with all the brothers and sisters who were holding the chain, we said:

> "Oh Thou, Solar Logos, Igneous Emanation, substance and Consciousness of Christ, powerful life whereby everything advances, come unto *him*, and penetrate *him*, enlighten *him*, bathe *him*, go through *him* and awaken within *himself*, within *his* Being, all of those ineffable substances that are as much a part of thee as a part of *him*.
>
> Universal and cosmic force, mysterious energy, I conjure Thee, come unto *him*, remedy *his* affliction, cure *him* from this illness and put apart from *him* this suffering so *he* can have harmony, peace, and health.
>
> I ask Thee, in thy sacred name, which the Mysteries and the Gnostic Church have taught me, so Thou can make vibrate within *him* all of the mysteries of this plane and superior planes, and so that all of those forces together may achieve the miracle of *his* healing. So be it."

Of course, as you can read, I changed "me" to "him" in the text of the prayer. We said it a total of 3 times, concentrating on the Solar Light, on the Cosmic Christ, in order to send the energy to him.

But then, when I was doing that chain with those brothers and sisters, my third eye, my clairvoyant eye, started to spin, and a great picture came into my head. What did I see? I saw the ᛉ *Man* Rune, the Lord, the living Christ, crucified on the cross, as you see him in many paintings.

When I saw that, I saw the Lord, the Christ, with my third eye, pronouncing the Last Word, and dying on the cross. This is why I associate the ᛉ *Man* Rune with that prayer. This was so disturbing because I was asking for life, not for death, and when I saw that, I immediately pronounced the mantra “Aum” three times, and said "This is it."

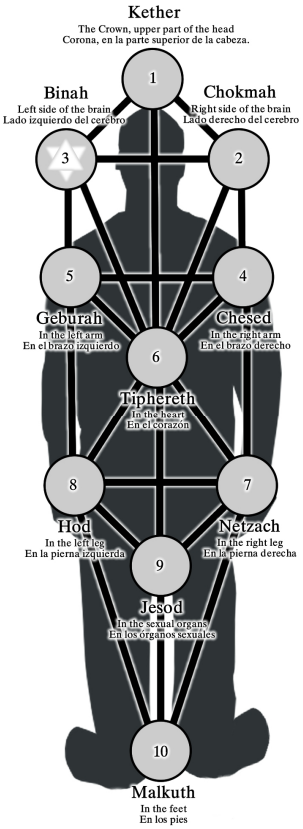

Then I asked, "What time is it?" They said, "8:20pm, on the 24th of December". Later, after that day, after midnight, I received a call, and his daughter told me, "Please come to the funeral". So, this is how, internally... you know, it is very emotional for me to say this. I kept this to myself for many years, but now I am sharing this because there are many speculations about the transition of the Master Samael.

I never liked to talk about it; I never liked it. But, I said, I have to talk about this, even though it is very stressful for me, because I saw the Lord, the Living Christ, dying there, at the same time that he was physically dying.

After the Prayer

When I went to Mexico for his funeral, I asked, "At what time did he die?" And they told me, "At 8:20". That was too much for me. After that, I continued with my habit of meditating on everything that I read, or that I studied. Moreover, I was a witness of his resurrection, I was a witness of his ascension, and that is why I talk with certainty, because I saw these things. I understand that the Logos, the Christ, is a force that incarnates, in order to become human, and in order to self-realize any Initiate.

As he was incarnated in him, and self-realized him, the Logos Samael also promised to return (as he promised in his books), but I always understood and comprehended that the one that was talking through him was the Lord (the Christ, the Logos), and I am so sure, not because I read it, or because somebody told me, but because I saw him many times in the internal worlds.

Many times I found him in the Internal Planes. In a previous lecture I stated that a Master, a Divine being, said, "I manifest myself through these hands." But I forgot to tell you that the hands are at the very end of the arms, and that the arms are part of Chesed and Geburah (the Monad). The hands are related with Tiphereth. So when this Being was telling me: "I manifest myself through these hands", he was saying that he manifests through the Soul (Tiphereth).

So it is good to develop the Soul, internally, in order for the Lord to manifest. Remember, when you see your hands or the hands of anybody internally, these represent the Soul. This is precisely what we have to understand: the Spirit always manifests through the Soul. But remember that the hands do not move, they do not indicate anything, if the brain does not command them. This is a deep symbol that you have to understand, because every Monad has his own hands, his own soul, that you have to know how to manifest, or how to handle.

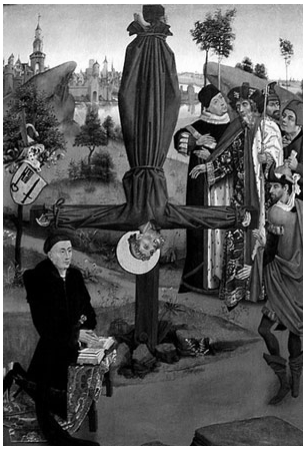

This is related to the ᛉ *Man* Rune and to this prayer. When we practice the ᛉ *Man* Rune, we have to perform (to pronounce) this prayer that I recited that day. Of course, we have to recite it as follows:

> “Oh Thou, Solar Logos, Igneous Emanation, substance and Consciousness of Christ, powerful life whereby everything advances, come unto me and penetrate me, enlighten me, bathe me, go through me and awaken within my Being all of those ineffable substances that are as much a part of Thee as a part of me.

> Universal and cosmic force, mysterious energy, I conjure Thee, come unto me, remedy my affliction, cure me from this illness and put apart from me this suffering so I can have harmony, peace and health.
>
> I ask Thee in thy sacred name, which the Mysteries and the Gnostic Church have taught me, so Thou can make vibrate with me all of the mysteries of this plane and superior planes, and that all of those forces together may achieve the miracle of my healing. So be it."

This and other marvelous prayers are written in the new prayer book as well as in the *Occult Medicine* book (also called *Esoteric Medicine*). I know, for sure, that the ᛉ *Man* Rune is associated with the prayer to the Solar Logos because I experienced it, I saw it. The ᛉ *Man* Rune is precisely the Lord crucified on the cross. It is a way of praying.

The Symbolism of the Apostle Peter with the *Man* and *Yr* Runes

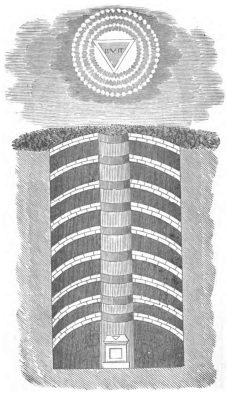

Let's understand that the ᛉ *Man* Rune represents the Son of Man, Jesus Christ, who was crucified on the cross (the right-side-up cross) in the way we know it. However, the Apostle Peter's crucifixion is related to the ᛦ *Yr* Rune, because he is the one that is crucified on the upside-down cross. Peter, thus, represents the opposite of the ᛉ *Man* Rune: the ᛦ *Yr* Rune. This means that **in order to reach that right-side-up level, you first have to descend, to perform the upside-down cross with all the mysteries of Alchemy, the pineal gland, etc.**

Now, the crucifixion of Andrew (Peter's brother) is different, because Andrew was crucified on the X-shaped cross, which also relates to the sexual force and which we discuss in the lecture on the *Gibor* Rune.

It is very important to understand and comprehend that the sexual potency of the ᚠ *Laf* Rune (which is Life, the Stone, the Grail) comes from the kidneys. The kidneys are related to Andrew and the X-shaped cross, the force of the kidneys that give strength (sexual strength) to the man and to the woman.

But the hormones of the pineal gland also relate to the strength of the sexual force. When a man has a very strong pineal gland (Peter), it is because his sexual force is very strong, and vice versa. Thus we find that Peter and Andrew are brothers, since they both relate to sexual potency.

Of course, **the esotericism of the mystery of Andrew and the Cross is related with other aspects of the doctrine, which is the annihilation of the ego**, the sufferings the Initiate has to pass through in order crystallize the Soul within themselves. In order to destroy all the enemies of the Lord (which are our defects, vices, and errors), he has to utilize the cross, the potency of the kidneys, in the sexual act. That is the mystery of Andrew.

Peter is different, although he always assists us in the different developments that we need to acquire on the esoteric path. **Remember that Peter is called the first Apostle. Why? Because first, we have to build the Church.**

What is it to build the Church? It is to perform the ᛦ *Yr* Rune (the descent into the Ninth Sphere) in order to work with the ᚠ *Laf* Rune (Life) and build the Solar Astral, Mental, and Causal Bodies. They are called "Solar Bodies" because they are created with the transmuted sexual force.

The one who is doing that work is Peter, and so he said:

> "Behold, I lay in Zion a chief corner stone, elect, precious: and he that believeth on him shall not be confounded. Unto you therefore which believe he is precious: but unto them which be disobedient, the stone which the builders disallowed, the same is made the head of the corner, and a stone of stumbling, and a rock of offence." – 1 Peter 2: 6-8

Who are the builders? Well, if you speaking in esoteric terms, they are the Masons (those who work with the Stone). We will say that there are many Masons and Masonic Lodges in this day and age, but they do not transmute; they do not practice any Sexual Magic. They reject the Stone, the Rock, because they do not know about it.

Many religions do the same, such as the Catholic Church. The monks do not marry, and if they do marry, they do not transmute. So they are also rejecting the Stone, which is ל *Laf*, the Grail. The Holy Grail for a monk is a woman, and the Stone for a Nun is a man.

If we are not transmuting, then we are not working with Peter, who says in the *Pistis Sophia*: "My Lord, we will not endure this woman, for she takes the opportunity from us and have let none of us speak, but she discourses many times." This means that Peter cannot speak or build any church without the woman.

We need the woman (the Grail) and the man (the Stone) in order to build the church with Peter, and Peter knows it. That is why he says, "Crucify me upside down, so that the future Initiates will understand that I am in the pineal gland, and I have to descend into the Ninth Sphere," which is the woman, the Holy Grail.
